## SANTA FE STRIKE

### A Sweeping Injunction Issued Against the Strikers.

Washington, April 29.—Jas. O'Connell, president of the machinists, directed attention to the notice headed "Warning," which he said was posted in all of the Santa Fe shops, intimating that all members of the union who aid in carrying on the strike will be held jointly and severally liable as conspirators for all damage done persons, property or business by any unlawful act during the strike. Interference with mail trains, bonded merchandise or interstate commerce would be laid before the government for prosecution.

### SWEEPING INJUNCTION.

Albuquerque, N. M., April 29.—District Judge Baker issued an injunction for the Santa Fe machinists, boiler-makers, helpers, apprentices and metal workers now on strike restraining them from interfering with agents, employees of the company or entering the company's right of way or grounds. The injunction is the most far-reaching ever issued in this territory. Efforts are being made to induce the blacksmiths to strike.

An international daily newspaper which will be printed simultaneously on most of the vessels of the trans-Atlantic fleet while they are in transit is the latest addition to the newspaper world. May 15 is the date set for the first issues. The news of the world will be laid before the 20,000 to 30,000 passengers afloat at breakfast time every day this summer much in the form that the readers are used to finding it in New York or London. The paper will be made up like a regular city journal. The Marconi apparatus will be the means by which the news will reach the ships.

### Improving.

The Avenue Drug Store has just recently completed some pretty interior improvements, which have greatly beautified this already attractive store. New paper of attractive design adorns the walls, and the soda fountain has been placed against the west wall, with pretty and appropriate trimmings. Messrs. Eastland & Cutler are hatters.

### Masonic.

Called meeting of Palestine Lodge No. 31, A. F. & A. M. today at 7:30 in the E. A. degree. Full attendance requested. J. E. DOUTT, W. M.

## World's Fair Opens.

The St. Louis World's Fair opened this morning with great ceremony. The day is a bright clear one, with a bracing, cool temperature, and it has proven the greatest holiday in the history of St. Louis. The city is full of visitors. Among the great displays there will be one of fancy groceries, just such as Temple keeps in stock. In this display you will find none better than Temple's, and as it will be an exhibition of the best, they will be made chiefly of brands familiar to Temple's customers. Temple makes a fair exhibit of groceries every day in the year. Better see Temple about it.

### For Constable.

In today's Herald will be found the announcement of Mr. W. A. Kersh for Constable of Precinct No. 1. Will Kersh is too well known to the voters of Precinct 1 to need an introduction at our hands. He has been an officer for many years, and has always tried to do his duty. Mr. Kersh is a quiet, conservative officer, and if the people elect him they have his promise that he will at all times enforce the law without fear or favor. Consider his claim.

### Hon. Jerre M. Crook.

Hon. Jerre M. Crook of Crockett is in the city today, and has authorized the Herald to announce him as a candidate for district judge. Mr. Crook is an able lawyer, and served the district admirably as district attorney. He is well qualified for the high office to which he aspires, and in every way is a perfect gentleman, sociable, genial and popular with a host of voters over the district. If elected to the office he will fill it with befitting dignity, and will no doubt deal out justice according to law.

### Bombarding Elkhart.

A number of the candidates left on the noon train for Elkhart and will turn their batteries on the voters there this afternoon. Among those who went down were County Attorney Harris, G. R. Tucker, Conrad Perry, A. W. Ewing, G. R. Fowler and possibly others.

### Nix's Fix.

Will Nix, the negro who was arrested a few days ago on a charge of stealing a pistol, has his troubles magnified by the discovery of a graphophone which he pawned at a restaurant, and which it is claimed he stole.

#### DEEDS.

Alex McLane and wife to J. M. Cook, \$250 cash; 83 acres, part of the Thos. Gass survey.

#### How to Make London Sherbet.

Positively a new ice is found in what is called London sherbet. Boil two cupsful of sugar with two cupsful of water for ten minutes and pour it over a third of a cupful of seeded and finely cut raisins; cool and add a cupful of fruit syrup and a quarter of a nutmeg grated; freeze to a mush, then add juice and the whites of three eggs beaten to a stiff froth; continue freezing. Fruit syrup from a can of peaches, pears, strawberries or pineapple may be used.

#### How to Prevent White Gloves Soiling

To prevent new white kid gloves soiling quickly put them on the hands and rub them over with powdered French chalk. Rub it in well and then wipe the gloves over carefully with a soft cloth to remove any of the powder that may still be on the surface.

#### How to Relieve Inflamed Gums.

Inflamed gums caused by teething are quickly relieved if a little lemon juice is rubbed on. Dip your finger in the lemon and then rub it on baby's gums. There will probably be an increase of crying at first, but relief will soon follow. If the skin is stretched tightly over the tooth, and the gum is hard and swollen, it probably needs lancing. The first sign of coming teeth is an increased flow of saliva—dribbling, as it is usually called.

#### How to Remove Tar.

Tar on cotton fabrics can be removed by covering the spots with butter and allowing it to remain for some hours before the garment is washed. The fresher the stain the more easily will it come out.

#### How to Bake Peanuts.

The Cooking Club gives a recipe for baked peanuts that seems worth trying. Shell and blanch a pint of raw peanuts, add two quarts of boiling water and bake several hours in a Boston bean pot. Season with salt and add half an hour before serving, a tablespoonful of butter. If the nuts dry, add water. They should not be stirred or mashed.

#### How to Clean Gold Braid.

A gold belt or gold braid ornament may be cleaned by rubbing with a flannel dipped in powdered ammonia, to be had at the druggist's. Polish with an old silk handkerchief.
